## Historic Cambodia

There's a magic about this charming yet confounding kingdom that casts a spell on visitors. In Cambodia, ancient and modern worlds collide to create an authentic adventure. Contemporary Cambodia is the successor state to the mighty Khmer empire, which, during the Angkorian period, ruled much of what is now Laos, Thailand and Vietnam. The remains of this empire can be seen at the fabled temples of Angkor, monuments unrivalled in scale and grandeur in Southeast Asia. The traveller's first glimpse of Angkor Wat, the ultimate expression of Khmer genius, is sublime and is matched by only a few select spots on earth, such as Machu Picchu or Petra. Just as Angkor is more than its wat, so too is Cambodia more than its temples, and its urban areas can surprise with their sophistication. Chaotic yet charismatic capital Phnom Penh is a revitalised city earning plaudits for its sumptuous riverside setting, cultural renaissance, and world-class wining-and-dining scene. Second city Siem Reap, with cosmopolitan cafes and a diverse nightlife, is as much a destination as the nearby iconic temples. And up-and-coming Battambang, reminiscent of Siem Reap before the advent of mass tourism, charms with graceful French architecture and a thriving contemporary art scene. Experience the rhythm of rural life and landscapes of dazzling rice paddies and swaying sugar palms in Cambodia's countryside. The South Coast is fringed by tropical islands dotted with the occasional fishing village. Inland lie the Cardamom Mountains, part of a vast tropical wilderness providing a home to elusive wildlife and a gateway to emerging ecotourism adventures. The mighty Mekong River cuts through the country and hosts some of the region's last remaining freshwater dolphins. The northeast is a world unto itself, its wild and mountainous landscapes home to Cambodia's ethnic minorities and an abundance of natural attractions and wildlife. Despite having the eighth wonder of the world in its backyard, Cambodia's real treasure is its people. The Khmers have been to hell and back, struggling through years of bloodshed, poverty and political instability. Thanks to an unbreakable spirit and infectious optimism, they have prevailed with their smiles intact. No visitor comes away without a measure of admiration and affection for the inhabitants of this enigmatic kingdom.

### Day 3 - Siem Reap –Banteay Srey & Small Circuit

Day 3: Siem Reap –Banteay Srey & Small Circuit (Meal: Breakfast) We travel to Ta Prohm. Ta Prohm has been abandoned to the elements, a reminder that while empires rise and fall, the riotous power of nature marches on, oblivious to the dramas of human history. Left as it was ‘discovered’ by French explorer Henri Mouhout in 1860, the tentacle-like tree roots here are slowly strangling the surviving stones, man first conquering nature to create, nature later conquering man to destroy. After soaking up the unique atmosphere of Ta Prohm, we continue to the giant pyramid of Takeo, one of the highest temples in the Angkor area. Built at the end of the 10th century, it was never completed. Some scholars contend this was due to an inauspicious lightning strike during construction. Others have suggested the high-quality sandstone was simply too hard to carve in detail. This morning we also visit the remains of an old Angkorian bridge that once spanned the Siem Reap river. Like the Romans before them, the Khmer kings built long, straight roads connecting the outposts of their empire, and these included many magnificent bridges. There is also the option to visit the smaller temples of Chau Sey Devada and Thommanon for avid temple enthusiasts. In the afternoon, we travel through the traditional village of Preah Dak to the 12th-century temple of Banteay Samre. Built by King Suryavarman II, the genius behind Angkor Wat, this temple has been extensively restored. The temple is unique in that the over-quarrying of sandstone led to the use of laterite for the roofed corridors. The pediments above the inner doors here include some of the most accomplished carvings from the Angkor period. We continue further north to Banteay Srei, Angkor’s ultimate art gallery. This the petite pink temple is the jewel in the crown of Angkor-era sculpture. The elaborate carvings here are the finest found in Cambodia and the name translates as ‘Fortress of the Women’, thanks to the intricate detail here, considered too fine for the hands of a man. Originally believed to date from the latter part of the Angkor period, inscriptions at the site suggest it was built by a Brahman in 967. However, some architectural historians have suggested that the inscriptions may date from an earlier structure on this site and the temple is in fact later, marking a highwater mark in Khmer sculpture.
